### PLEASE RETAIN THIS FOR FUTURE REFERENCE.

#### User Manual

Go to [www.ozobot.com/manuals](http://www.ozobot.com/manuals). The information provided in the user manual is for reference purposes only and may be modified. The latest version of the manual can be found at [www.ozobot.com/manuals](http://www.ozobot.com/manuals).

Not all devices are compatible. Check [www.ozobot.com/devices](http://www.ozobot.com/devices) for more information.

#### Limited Warranty

Ozobot limited warranty information is available online: [www.ozobot.com/legal/warranty](http://www.ozobot.com/legal/warranty).

#### Battery Warning

To reduce risk of fire or burns, do not attempt to open, disassemble, or service the battery pack. Do not crush, puncture, short external contacts, expose to temperature above 60°C (140°F), or dispose of in fire or water.

Battery chargers used with the device are to be regularly examined for damage to the cord, plug, enclosure and other parts, and in the event of such damage, they must not be used until the damage has been repaired. Battery is 3.7V, 135mAh (3.7\*0.135=0.500W).

#### FCC ID: 2AHVO-OZ0040101

#### FCC COMPLIANCE STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy, and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Consult the dealer or an experienced radio/TV technician for help.

**CAUTION:** Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

#### IC: 21289-OZ0040101

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

#### FCC AND IC RADIATION EXPOSURE STATEMENT:

This equipment complies with FCC and Canada radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

### CONSERVER SOIGNEUSEMENT CES INSTRUCTIONS POUR CONSULTATIONS ULTÉRIEURES.

#### Condition de garantie :

Les informations sur la garantie limitée de Ozobot sont disponibles en ligne à : [www.ozobot.com/legal/warranty](http://www.ozobot.com/legal/warranty) .

#### Avertissement concernant les piles :

Pour des raisons de sécurité , ne pas jeter la pile au feu ou à l'eau , faire de court-circuits avec les bornes ou l'exposer à une température supérieure à 60 ° C ( 140 ° F).

Pour réduire le risque d'incendie ou de brûlures , évitez de démonter , d'écraser , de percer ou de réparer la pile .

Si un chargeur de piles est utilisé , son cordon , sa prise , son boîtier et ses autres pièces doivent être examinés régulièrement pour en vérifier le bon état .

Ne pas utiliser un chargeur endommagé sans qu'il ne soit correctement réparé .

La pile est de 3.7V, 135mAh (3.7\*0.135=0.500W) .

Le courant de fonctionnement max. est de 150mA .

#### IC: 21289-OZ0040101

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

#### DÉCLARATION D'IC SUR L'EXPOSITION AUX RADIATIONS:

Cet équipement est conforme aux limites d'exposition aux radiations définies par le Canada pour des environnements non contrôlés.

Cet émetteur ne doit pas être installé au même endroit ni utilisé avec une autre antenne ou un autre émetteur.
